1 POST(RACIAL)-MALONE: (UN)CONSCIOUS HABITS OF WHITE IVERSON  
PIETRO A. SASSO, PH.D., BRIAN JOYCE, PH.D., JAMES BEVERLY III  
*This phenomenological qualitative study explored the gender performativity of protest masculinity in a multi-institutional study of white male-identified fraternity men. The participants expressed sentiments of dispossession, postracial attitudes, and performed cultural appropriation. Participants appropriated Black culture because they considered this synonymous with their own lack of power and privilege, which they believe has been dispossessed. Implications are provided to suggest how campus-based professionals can further disrupt the (un)conscious habits of whiteness in fraternity men and forms of white supremacy through collaborative programming and campus-wide efforts.*

19 THE ROLE OF FRATERNITY/SORORITY AFFILIATION IN SUPPORTING  
COLLEGE STUDENT MENTAL HEALTH AND WELLNESS  
MEGHAN M. GRACE, ED.D., AMANDA E. ASSALONE, PH.D., HANNAH M. JOHNSON  
PH.D., BRITTA L. SVOBODA, M.ED., J. PATRICK BIDDIX, PH.D.  
*Mental health is a growing concern in the United States, even more exacerbated by the recent COVID-19 pandemic. Mental health among youth and young adult populations has also received attention in recent years. However, prior research suggests a higher sense of social support among active members of the fraternity/sorority community is associated with lower depression levels. The extent to which fraternity/sorority involvement helps address mental health among members is theorized but not demonstrated in the research. Using large-scale data, this study examined mental health experiences and behaviors of the fraternity/sorority community and compared results with unaffiliated students. Findings suggest students in the fraternity/sorority community report higher levels of positive mental health.*

35 SORORITY AND FRATERNITY LIFE PROFESSIONALS' PERSPECTIVES ON CHALLENGES FACED BY CULTURALLY BASED SORORITIES AND FRATERNITIES

ANTONIO DURAN, PH.D., CRYSTAL E. GARCIA, PH.D., HANNAH L. REYES

*Featuring the perspectives of 15 sorority and fraternity life (SFL) professionals, this qualitative study highlights the challenges culturally based sororities and fraternities face on college campuses. Guided by a framework grounded in concepts of organizational culture, findings revealed three issues that culturally based SFL organizations encounter: a predominant emphasis on historically white sororities and fraternities in SFL communities, a lack of human and financial capital, as well as inadequate advisor support and training. Implications for research and practice are offered.*

51 EMERGING DATA ON SORORITY/FRATERNITY-AFFILIATED STUDENT GOVERNMENT PRESIDENTS

MICHAEL A. GOODMAN, PH.D., ALEXA LEE ARNDT

*Abstract: Alongside sorority/fraternity governance structures, student government is another major form of campus involvement and student representation. At times, students share both student/leadership identities: as members of a sorority/fraternity and serving as a student government officer. In this study on student government presidents, descriptive statistics were used to tell the story of student government presidents who are also members of a sorority or fraternity and in comparison, to those who are not. Findings include present-day affiliation data, as well as campus contextual elements of their experience. There are subsequent recommendations for student affairs practice.*

## GENERAL INFORMATION

*Oracle: The Research Journal of the Association of Fraternity/Sorority Advisors* advances the study of college fraternities and sororities through a peer reviewed academic journal promoting scholarly discourse among partners invested in the college fraternal movement. The vision of *Oracle: The Research Journal of the Association of Fraternity/Sorority Advisors* is to serve as the premier forum for academic discourse and scholarly inquiry regarding the college fraternity and sorority movement.

*Oracle: The Research Journal of the Association of Fraternity/Sorority Advisors* is published biannually. Current and past volumes can be found via William & Mary ScholarWorks (<https://scholarworks.wm.edu/oracle/>). ScholarWorks is free to use, and there are no limitations for researchers to access materials. The open access model helps further research findings and data. The ISSN is 2165-785.

### SUBMISSIONS:

*Oracle: The Research Journal of the Association of Fraternity/Sorority Advisors* accepts submissions focused on articulating research involving fraternity and sorority members at the collegiate, alumni, inter/national organization, and volunteer advisory levels. Manuscripts should be written for the student affairs generalist who has broad responsibility for educational leadership, policy, staff development, and management. Articles on specialized topics should provide the generalist with an understanding of the importance of the program to student affairs overall and fraternity/sorority advising specifically.

Research articles for *Oracle: The Research Journal of the Association of Fraternity/Sorority Advisors* should stress the underlying issues or problems that stimulated the research; treat the methodology concisely; and, most importantly, offer a full discussion of results, implications, and conclusions. In the belief that AFA readers have much to learn from one another, we also encourage the submission of thoughtful, documented essays or historical perspectives.

Visit [www.afa1976.org](http://www.afa1976.org) or <https://scholarworks.wm.edu/oracle/> for more detailed submission guidelines.
